Evaluation form for master internships

Master of Computer Science

The purpose of the evaluation form is to provide the teaching team with elements for evaluating of the entire internship training. The person in charge of the internship (in a university laboratory or in a company) of each student must complete this evaluation form at the end of the internship. The requested notation is essential for the attribution of the global mark of the "Master Internship" course.

This evaluation form must be submitted before the internship defense to:

- The head of the master track : francois.trahay@telecom-sudparis.eu

Master track: High Performance Data Analytics
